

Allison,

I would like to register my testimony in support of these three bills (SB43, SB90, and HB5254) on restoring liability protection to Municipalities (like the MDC). Paved and off road trail users are knowingly pursuing an outdoor activity that does involve risk. The public/private entities that open up their properties to public use should be protected against frivolous lawsuits.

Thanks for recording this written testimony as I won't be able to attend the public comment session.
